

2023 Board Member elections

Nominations are
opening soon

Notice of upcoming call for nominations for member-elected Board Members

We will soon be calling for nominations for 2 Board Members for the member-elected positions on the Electricity Industry Superannuation Board. Under ElectricSuper Rules, one position needs to be a female and one male.

This time, we are using BigPulse Online Voting to support our nomination and election processes online. It means that you will NOT receive postal correspondence about nominations or the election (if an election is needed) - only email.

You will receive an email from BigPulse in the coming weeks, sent from the name 'ElectricSuper Returning Officer', calling for nominations for the 2 member-elected Board positions, and, if we receive more than one nomination for each of the male and female Board positions, you will receive the election pack by email early in the new year.

We are not calling for nominations yet.

You can find all the relevant information about the eligibility to nominate as a candidate and the duties of the Board Members on our website at www.electricsuper.au/about-us/governance/election_2023.
