

Identification (ID) requirements

You'll need to provide proof of identity when you:

Withdraw your super or fully withdraw your income stream or fully commute a Division 3 Pension

Rollover to a self managed super fund (SMSF)

Ask us to search for lost super

Start a retirement income stream or commence a Lifetime Pension

Update your banking details

People signing on your behalf will also need to provide proof of identity.

Three ways you can provide proof of your identity

Option 1. Electronic ID

This is the easiest way to provide proof of your identity.

Write down the details of your ID on the forms you're sending us. You'll need to have these handy:

1. Medicare card **and**
2. Australian driver's licence or Australian passport

We'll use the details you give us to do an electronic ID check. Please complete all fields on the form. For help locating your driver's licence card number, see page 4.

Option 2. By email (Selfie ID)

Email us your form and electronic copies (scanned or clear photos) of your ID. Your ID doesn't need to be certified. Send us:

1. A photo of you holding your Australian driver's licence **and** a clear photo of the back of the driver's licence

or a photo of you holding your passport

- Take your selfie close-up so we can see the writing on your ID
2. **And** any other documents that may be required – see page 2.

Option 3. By post or in person (Certified ID)

You'll need to post or give us your form with certified copies of documents:

1. A certified copy of your Australian driver's licence (both sides) or Australian passport **and**
2. Any other documents that may be required – see page 2

See page 3 for how to get your ID certified.

Hints, tips and troubleshooting

Your ID and account details must match

If you're changing your name, you'll need to provide documentation to prove the change of name (see table on page 2).

Your ID needs to be current and show your name and residential address

Your documents can't be expired, except for an Australian passport which can be used if it expired within the last two years. All certified ID must be dated within 12 months.

Bank statements must show your current name and address

You might be able to download one from your online banking. If your bank account is new and you haven't received a statement yet, you'll need to provide a letter from your bank that shows your name, address, account details and the bank's stamp.

Don't have a driver's licence or passport?

If you don't have a driver's licence or passport, you must provide **four certified documents** from the below list:

- 1 Bank statement (dated within six months) **and**
- 2 Birth certificate or birth extract, pension card or Australian citizenship certificate **and**
- 3 Letter from Centrelink about a benefit, Council rates or ATO notice (dated within 12 months) **and**
- 4 Phone, electricity, gas or water bill (dated within three months).

If you can't provide the ID we've asked for, give us a call on **1300 307 844** to discuss alternatives.

How to get your ID certified

Take your original documents and a clear photocopy of both sides to an authorised person (see *Who can certify documents*). If documents are written in a foreign language, you'll need to supply an English translation by an accredited translator.

The authorised person needs to:

1. Write or stamp in English on the photocopies words to the effect of 'This is a true and correct copy of the original'.
2. Write their name, qualification (for example, Justice of the Peace, Police Officer, Pharmacist, etc), address and registration number (if applicable).
3. Sign and date the copy.

Example:
